

## Certificate of Non-Use of Hazardous Substances

MaxLinear, Inc. certifies that as of the date of this Certificate of Non-Use of Hazardous Substances, the MaxLinear product listed below is certified as follows:

| Environmental Category & Description |                                                                                                                                                                                                                                   | Details for:<br><b>XR68C192CV-F</b> |
|--------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------|
| <b>RoHS   Exempt</b>                 | If "7a", "7c", or "15", then product contains lead but is compliant meeting the requirements of Directive (EU) 2011/65 pursuant to either exemption 7a, 7c, or 15. See Appendix A.                                                | N                                   |
| <b>RoHS</b>                          | If "Y", then product is RoHS compliant meeting the requirements of Directive (EU) 2015/863 with no exemptions taken. See Appendix B.                                                                                              | Y                                   |
| <b>Halogen Free</b>                  | If "Y", then product is halogen and lead (Pb) free. Green products meet RoHS requirements plus additional hazardous material restrictions. See Appendix C.                                                                        | Y                                   |
| <b>REACH</b>                         | If "Y", then product does not use any Substances of Very High Concern (SVHC) under REACH requirements. See Appendix D for a list of these substances.<br>If "N", please see Appendix E for SVHC that is contained in this product | Y                                   |
| <b>TSCA</b>                          | If "Y", then product is compliant and does not use any of the Toxic Substance Control Act (TSCA) restricted substances. See Appendix F for a list of these substances.                                                            | Y                                   |

## Appendix A | RoHS with Exemption

| Exemption | Description                                                                                                                                         |
|-----------|-----------------------------------------------------------------------------------------------------------------------------------------------------|
| 7a        | Lead in high melting temperature type solders                                                                                                       |
| 7c        | Electrical and electronic components containing lead in a glass or ceramic, e.g. piezoelectronic devices, or in a glass or ceramic matrix compound. |
| 15        | Lead in solders to complete a viable electrical connection between semiconductor die and carrier within integrated circuit flip chip packages       |

## Appendix B | RoHS Directive (EU) 2015/863

| Restricted Substance                  | Allowable Limit<br>(at homogenous material level) |
|---------------------------------------|---------------------------------------------------|
| Cadmium (Cd)                          | 100 ppm (0.01 weight %)                           |
| Mercury (Hg)                          | 1000 ppm (0.10 weight %)                          |
| Lead (Pb)                             | 1000 ppm (0.10 weight %)                          |
| Hexavalent Chromium (Cr6+)            | 1000 ppm (0.10 weight %)                          |
| Polybrominated biphenyls (PBB)        | 1000 ppm (0.10 weight %)                          |
| Polybrominated diphenyl ethers (PBDE) | 1000 ppm (0.10 weight %)                          |
| Bis (2-Ethylhexyl) phthalate (DEHP)   | 1000 ppm (0.10 weight %)                          |
| Benzyl butyl phthalate (BBP)          | 1000 ppm (0.10 weight %)                          |
| Dibutyl phthalate (DBP)               | 1000 ppm (0.10 weight %)                          |
| Diisobutyl phthalate (DIBP)           | 1000 ppm (0.10 weight %)                          |

## Appendix C | Halogen Free

| Restricted Substance                            | Allowable Limit |                |
|-------------------------------------------------|-----------------|----------------|
| Bromine (Br)                                    | 900 ppm         | 1500 ppm Total |
| Chlorine (Cl)                                   | 900 ppm         |                |
| Antimony (Sb (Sb <sub>2</sub> O <sub>3</sub> )) | 900 ppm         |                |

## Appendix D | REACH 235 - Regulation (EC) No 1907/2006 (Threshold Limit 1000ppm (0.1% w/w))

| Date of Inclusion: June 14, 2023    |                                                                                                                                                                                                                               | EC Number | CAS Number  |
|-------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------|-------------|
| 235                                 | diphenyl(2,4,6-trimethylbenzoyl)phosphine oxide                                                                                                                                                                               | 278-355-8 | 75980-60-8  |
| 234                                 | bis(4-chlorophenyl) sulphone                                                                                                                                                                                                  | 201-247-9 | 80-07-9     |
| Date of Inclusion: January 17, 2023 |                                                                                                                                                                                                                               | EC Number | CAS Number  |
| 233                                 | reaction mass of 2,2,3,3,5,5,6,6-octafluoro-4-(1,1,1,2,3,3,3-heptafluoropropan-2-yl)morpholine and 2,2,3,3,5,5,6,6-octafluoro-4-(heptafluoropropyl)morpholine                                                                 | 473-390-7 | -           |
| 232                                 | Perfluoroheptanoic acid and its salts                                                                                                                                                                                         | 228-098-2 | 6130-43-4   |
|                                     | Ammonium perfluoroheptanoate                                                                                                                                                                                                  | -         | 21049-36-5  |
|                                     | potassium perfluoroheptanoate                                                                                                                                                                                                 | 206-798-9 | 375-85-9    |
|                                     | Perfluoroheptanoic acid                                                                                                                                                                                                       | 243-518-4 | 20109-59-5  |
|                                     | Sodium perfluoroheptanoate                                                                                                                                                                                                    |           |             |
| 231                                 | Melamine                                                                                                                                                                                                                      | 203-615-4 | 108-78-1    |
| 230                                 | Isobutyl 4-hydroxybenzoate                                                                                                                                                                                                    | 224-208-8 | 4247-02-3   |
| 229                                 | bis(2-ethylhexyl) tetrabromophthalate covering any of the individual isomers and/or combinations thereof                                                                                                                      | 247-426-5 | 26040-51-7  |
| 228                                 | Barium diboron tetraoxide                                                                                                                                                                                                     | 237-222-4 | 13701-59-2  |
| 227                                 | 4,4'-sulphonyldiphenol                                                                                                                                                                                                        | 201-250-5 | 80-09-1     |
| 226                                 | 2,2',6,6'-tetrabromo-4,4'-isopropylidenediphenol                                                                                                                                                                              | 201-236-9 | 79-94-7     |
| 225                                 | 1,1'-[ethane-1,2-diylbis(oxy)]bis[2,4,6-tribromobenzene]                                                                                                                                                                      | 253-692-3 | 37853-59-1  |
| Date of Inclusion: June 10, 2022    |                                                                                                                                                                                                                               | EC Number | CAS Number  |
| 224                                 | N-(hydroxymethyl)acrylamide                                                                                                                                                                                                   | 213-103-2 | 924-42-5    |
| Date of Inclusion: January 17, 2022 |                                                                                                                                                                                                                               | EC Number | CAS Number  |
